

# Week 6 — Final Reflection Worksheet

This worksheet is designed to help learners consolidate their knowledge from the course and plan how to apply circular design principles in their future practice.

## 1. Key Learnings

Reflect on the most important insights you gained during this course:

---

---

---

## 2. Design Samples / Boards

Attach or describe the design samples or boards you created:

---

---

---

## 3. Applying Circular Principles

How will you integrate recycled plaster and circular design principles into your practice?

---

---

---

## 4. Opportunities for Collaboration

List potential collaborations, communities, or partnerships you would like to pursue:

---

---

---

## 5. Future Plan

Draft a plan for incorporating sustainable finishes into one of your upcoming projects:

---

---

---
